## STATISTICS

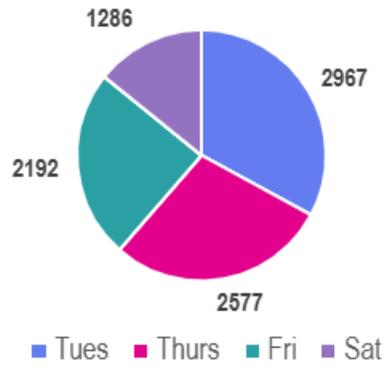

The pie charts below show -

- the number of books issued each day
- how many sessions took place on public computers
- how many visitors came into the library.

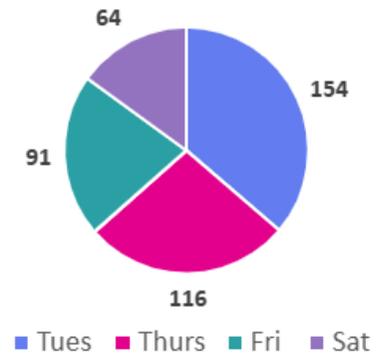

They show the interactions that took place each day the library was open in the last 12 months.

These stats indicate that a Tuesday and Thursday are the busiest days for borrowing books, the public computer sessions are busiest on the same days. The visitor statistics show that a Thursday is the quietest day for visitors to the branch. These statistics were taken into consideration and supports the decision to closed Arran Library at 5pm on a Thursday as only 93 issues have been carried out in the previous 12 months.

## Events

Our statistics also show that, from April-September Arran Library hosted 218 events which included 4 of our regular partners, 6 regular community groups and 1 group led by the library staff. Changing the opening hours on one day would not impact on any groups, partners or library groups.

## Wi-Fi Sessions – 21,145 sessions in previous 12 months

The public Wi-Fi will remain available 24/7 however, the ability to Wi-Fi print will be impacted by the proposed changes.

## Supplementary information

The heat maps below give the breakdown of book issues and the public computer sessions per hour with sessions shaded green being the busiest and red quiet.
