STATISTICS

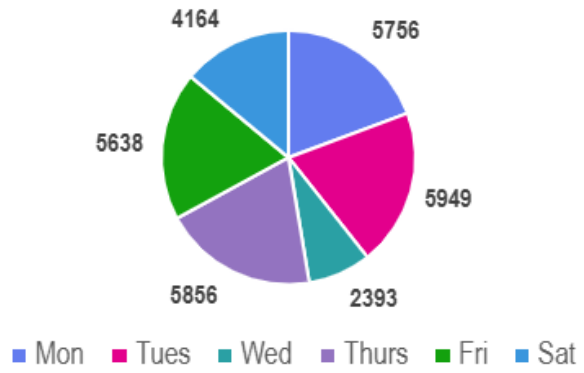

The pie charts below show -

- the number of books issued each day
- how many sessions took place on public computers
- how many visitors came into the library.

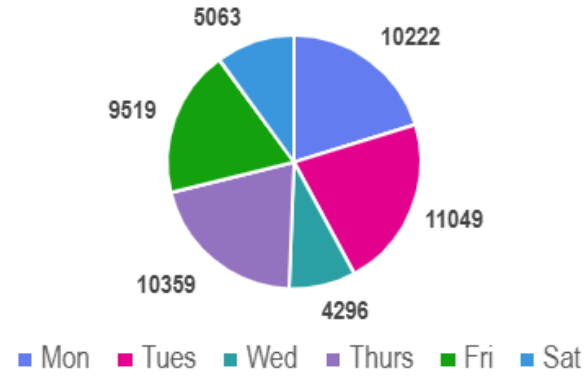

They show the interactions that took place each day the library was open in the last 12 months.

These stats indicate that a Tuesday and Thursday are the busiest day for borrowing books and visitors to the branch. The PC sessions are slightly different and shows a Monday and Tuesday to be busiest. These statistics were taken into consideration, and the heat maps below supports the decision to reduce the opening hours to 5.30pm

Events

Our statistics also show that from April to September Irvine Library hosted 365 events which included 10 of our regular partners, 4 regular community groups and 3 groups led by the library staff. Changing the opening days would impact on 1 library led group. The group led by the library staff can easily be switched to another day.

Wi-Fi Sessions – 54,651 sessions in previous 12 months

The public Wi-Fi will remain available 24/7 however, the ability to Wi-Fi print will be impacted by the proposed changes.
