STATISTICS

The pie charts below show -

- the number of books issued each day
- how many visitors came into the library.

They show the percentages of the interactions that took place each day the library was open in the last 12 months.

These stats indicate that a Tuesday is the busiest day for borrowing books as the branch is open longer. The visitor statistics also support this trend and we are seeking to maintain that. These statistics were taken into consideration and supports the decision to close Fairlie Library on a Friday and increase the staffing levels at Largs Library

Events

Our statistics also show that, from April to September Fairlie Library hosted 31 events. This included 1 library led group which would be affected by the change in opening hours and could be switched to the opening day.

Wi-Fi Sessions – 11881 sessions in previous 12 months

The public Wi-Fi will remain available 24/7 and Wi-Fi printing will remain available at both Largs and West Kilbride Libraries out with these opening times.
