

 GROWING TOGETHER
Join Our School Community Gardening Group!

Help us create a greener, brighter welcome for everyone at our school.

The Parent Council is launching a new community gardening initiative to improve the communal areas at the front of the school through light landscaping, planting, and ongoing care.

 What We Hope to Achieve

- Create colourful and welcoming garden spaces
- Improve the appearance of the school entrance
- Encourage community involvement and teamwork
- Support local biodiversity with pollinator-friendly planting
- Give children the opportunity to learn about nature and gardening

 Who Can Get Involved?

Everyone is welcome!

- ☒ Parents and carers
- ☒ Pupils and families
- ☒ School staff
- ☒ Grandparents
- ☒ Local residents
- ☒ Anyone with an interest in gardening

No gardening experience is required. Whether you can spare an hour or become a regular volunteer, your help will make a difference.

 How You Can Help

- Join gardening sessions
- Donate plants, bulbs, seeds, or tools
- Share gardening knowledge and ideas
- Help maintain the planted areas throughout the year

 Together We Can Create

A beautiful, welcoming space that our school and wider community can be proud of.
