

## Tass Thistle Yellow 2010's

### Youth PB Application – Young People's Participation Statement

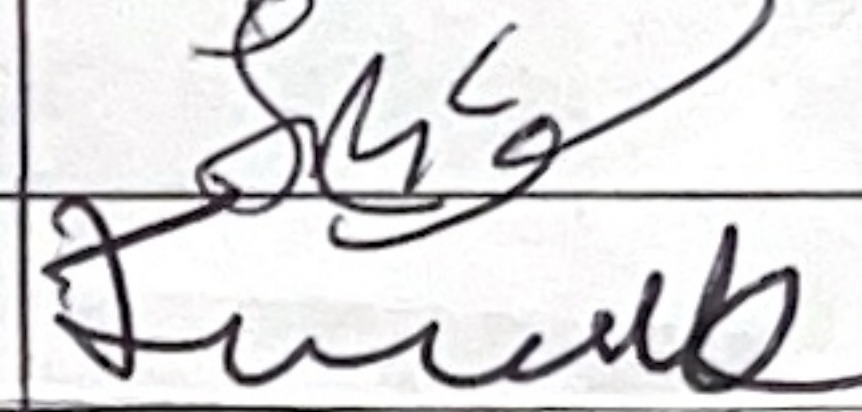

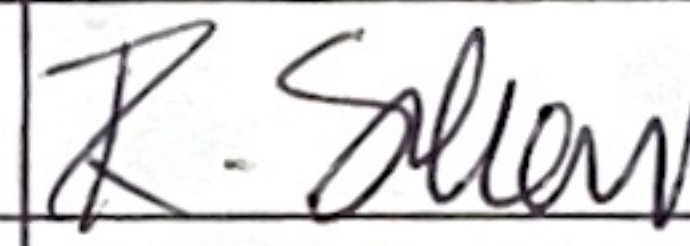

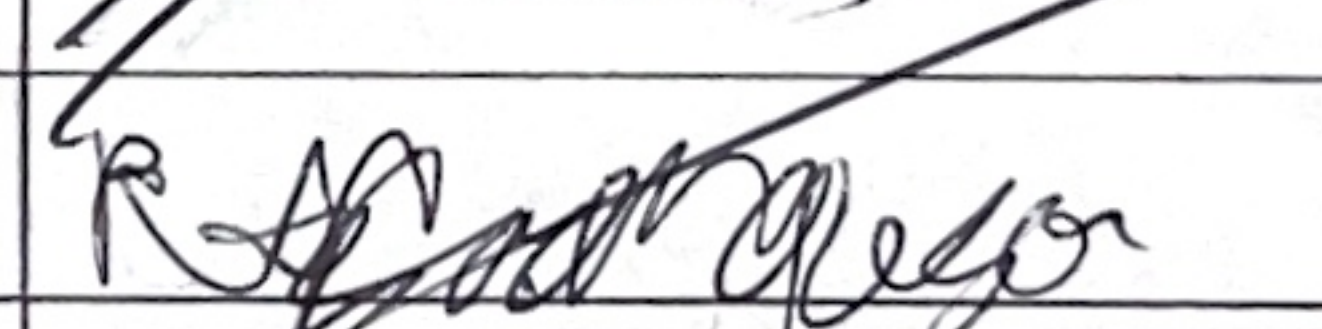

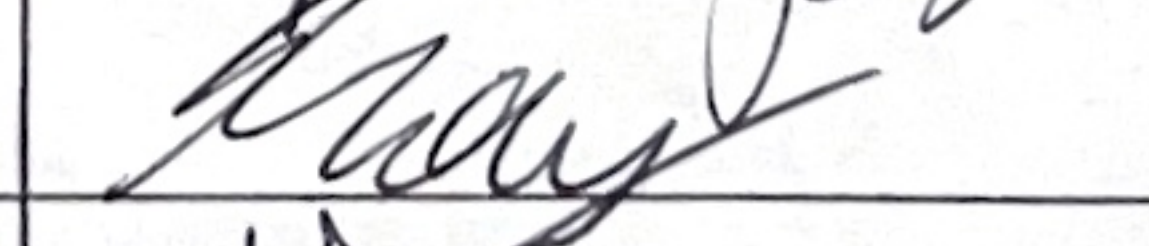

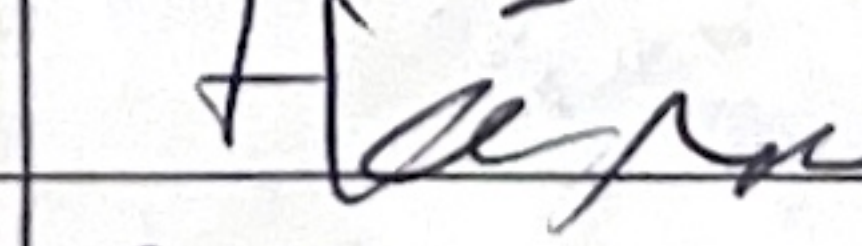

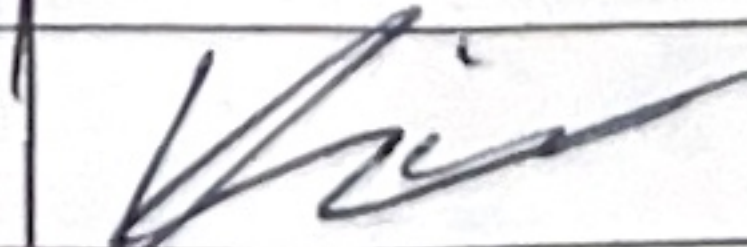

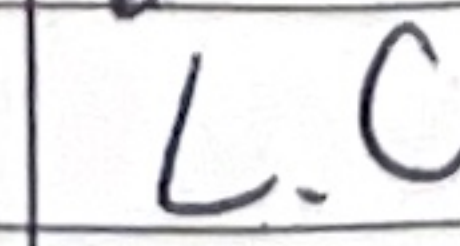

We, the young people of Tass Thistle 2010, confirm that we have been consulted and actively involved in the application process for Youth PB funding.

As part of this process, we:

- Discussed our ideas and priorities together.
- Shared what we feel would benefit us most.
- Helped decide which project should be submitted for this application.

We are confident that this project reflects our views and needs, and we are happy for it to be submitted on our behalf.
